

# Work at the heart of change

Are you ready to shape the future?

Help client teams deliver technology-enabled business transformations and be part of designing, building, testing, and supporting technology solutions to help them thrive.

Apply at Accenture and let's do extraordinary things together.

## Eligibility Criteria

- A regular (full-time) B.E/B.Tech/M.E/M.Tech, MCA, and M.Sc.(CS/IT/Computer Applications/ Data Science/ Computer Science & Applications) – any year of pass-out until 2024
- Completed the relevant degree in the stipulated duration of the degree. For example. B.Tech in 4 years or M.Tech/MSc in 2 years timeframe
- Candidate should not have more than 23 months of full-time experience.
- Should not have appeared for any Accenture recruitment assessment or interview process in the past three months

## What would you do?

- Design, build, test, assemble, support and configure application using business requirements
- Understand business drivers that will impact performance and deliver software to meet those expectations
- Incorporate technology trends into solutions; participate in the development of automation solutions, new functionality and technologies, and integrate them into existing solutions
- Take responsibility for incident resolution and provide support extended to customers through voice interaction, email, chat and remote support

## How to apply?

Scan the QR code for more details and apply today.

**Disclaimer:** This email should not be considered as a partnership commitment from Accenture. The opportunities mentioned in this email are a part of hiring/off-campus hiring wherein the applicants can directly apply for a role through the Accenture Careers website that can be found upon scanning the QR code mentioned in the email attachments. Accenture reserves the right to close the role or stop the hiring process without intimation.

Unless a formal employment offer is provided to candidate specifically determining the terms of employment with Accenture, nothing contained in this email or any identified processes for the purpose of candidate's participation in the interview process shall be considered as an offer for employment by Accenture not withstanding any contents or communications mentioned in process documents or links. Please be further informed that existence of an offer or offering any employment to a candidate shall be subject to business needs within Accenture or client requirements; mere clearance of any processes related to hiring/off-campus hiring does not by itself create an offer of employment for the candidate.

Accenture has not authorized any agency, company or individual to either collect money or arrive on any monetary arrangement in exchange for a job at Accenture. Accenture's criterion for hiring candidates is merit. Any agency, company or individual offering employment with Accenture in exchange for money is misrepresenting their relationship with Accenture, which has not authorized any such action. If you are approached by any entity or individuals who demand money or any other form of compensation in return for a job offer at Accenture – even if they present themselves as representatives or employees of Accenture – please send the details to Accenture Business Ethics Line <https://businessethicsline.com/accenture>
